RE: Potential Salary Adjustment for Members of the Board of Supervisors

Given our current State and County fiscal emergency, I wish to go on record now to decline any salary adjustment due me in FY 2008-09 pursuant to County Ordinance No. 919.7.

With potential layoffs and program reductions ahead, I cannot in good conscience accept an increase in compensation at this time.

Please take action to accommodate this request should it become necessary.

Thank you for your consideration. If you have any questions, please let me know.

Mariko Yamada, Supervisor, District Four
